<b>Defendant.</b>	)	

**ORDER**

Pursuant to the provisions of 18 U.S.C. § 4241 and § 4242 and this Court's order of April 8, 2008, the Defendant was committed to the medical Center for Federal Prisoners in Englewood, Colorado, for observation and examination. Having received that Medical Center's report, filed herein on July 7, 2008, the Court conducted an evidentiary hearing on July 21, 2008, for the purpose of determining the Defendant's present mental competence to stand trial.

The government was present through Robert Wallace, Assistant United States Attorney. The Defendant was present in person and was represented by counsel, Mark Green. Both parties had received and read the Center's psychological evaluation report on this Defendant prepared by David E. Morrow, Ph.D., Forensic Psychologist. Both sides stipulated that the report be introduced into evidence and that the Court make its determination based solely upon the report. Having read and examined the report filed herein, the Court finds the Defendant is not suffering from any mental disease or defect

rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist his attorney in the preparation of a defense.

Accordingly, the Court finds and orders that the Defendant is mentally competent to stand trial. It is the further order of this Court that the Medical Center's report filed herein be sealed until further order of this Court.

IT IS SO ORDERED this 21st day of July, 2008.

  
James H. Payne  
United States District Judge
